

CITY OF FORT LAUDERDALE

Existing Utility Information Form

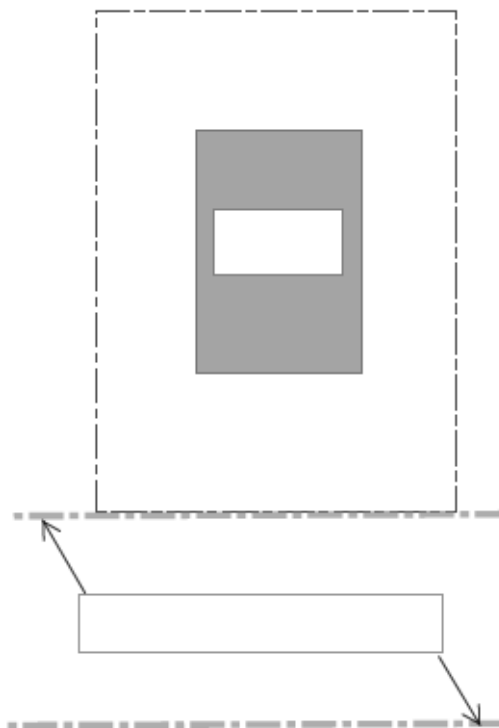

Following the example, please fill in the blank sketch to identify the location of existing utility connections on your property. A CTA team member will visit your property to confirm your submission.

- Label north using an **arrow** and **N**
- Label the street name
- Label the home's address number
- AT&T Service: Use **A** to show point of service connection
- Comcast: Use **C** to show point of service connection
- FPL Service: Use **F** to show point of service connection (FPL meter)
- FPL Source: Using an **arrow**, indicate where you believe your FPL service comes from (overhead pole, underground junction box, etc.)
- Underground Propane Tank (if applicable): use a **circle** to identify the location of any tank(s) on your property
