I. Call to Order / Roll Call / Quorum

The meeting was called to order at 3:30 p.m. by Chair MacDiarmid. It was noted that a quorum was present.

II. Approval of Meeting Minutes

- **Regular Meeting – September 13, 2021**

Motion made by Mr. Medeiros, seconded by Ms. Namour, to approve the minutes of the September 13, 2021, Regular Meeting. In a voice vote, the **motion** passed unanimously.

IV. Sponsored Event Update – Tortuga Music Festival Update

Chris Stacey, Founder, Tortuga Music Festival, provided an update on the event. He acknowledged the past few years had been difficult, but the event was moving forward with modifications. He stated there were 30 months between the festivals which were previously on an annual cycle and discussed the impact of the pandemic. Continuing, Mr. Stacey stated the majority of staff was back and 50 percent of tickets had been maintained. He noted sales had resumed and the marketing campaign was underway.

Mr. Stacey shared a video highlighting the 2019 festival. He reviewed attendee survey results, including economic impact. He stated 99 percent of fans surveyed stated they were satisfied with the local venue and location. He reviewed the marketing campaign, outlining efforts in and out of Florida, and discussed how the \$150,000 grant from the BID was spent in 2019 and 2021. He stated the festival organizers would like to formally request an extension of funding for 2022.

Ina Lee stated she had been to every one (1) of these festivals and had been amazed at the people filling the hotels during the shoulder season. She noted the effort the organizers had done to mitigate turtle concerns and stated this type of event was what the BID was created to support.

Chair MacDiarmid congratulated Mr. Stacey on the event and the survey numbers. She stated it was awesome to see the impressive numbers, including 88 percent staying in hotels for three (3) nights.

Ms. Omengebar stated the event had been funded for \$700,000 over three (3) years, with the final funding coming in 2020. She explained the 2021 event was using the 2020 funds.

Mr. Stacey stated the organizers had just approved dates of April 7, 8, and 9, 2022. He noted he would be applying for roughly the same ask and wanted to give advance notice.

Ms. Omengebar asked about the comparison year to year. Mr. Stacey stated the event was trending to be down about 10,000 tickets.

Mr. Medeiros congratulated Mr. Stacey on the numbers and said he would encourage more events like it.

Mr. Kusich stated every year the Tortuga Festival has been held it becomes a challenge because the hotel is bursting at the seams. He asserted Mr. Stacey and the event team was doing a great job.

Mr. Stacey added that over \$2 million had been raised for local organizations over the course of the event.

V. Recommendation for Budget Amendment

- **City Service Charges**
- **Event Funding**

Sarah Spurlock, Nighttime Economy Manager, stated it was the plan for her office to take over the administration of the BID, but funding was needed to make the transition. She explained the staffing needs and reviewed the service charge adjustment proposed totaled \$127,144. Continuing, Ms. Spurlock explained there were also three (3) events which had not yet been presented to the Board, and in order to consider their applications, funds needed to be moved from reserves. She stated those events were the A1A Marathon, 2022 Air Show, and Fleet Week.

Chair MacDiarmid asked what the transfer of \$127,144 would leave remaining in reserves.

Ms. Spurlock noted that \$200,000 had previously been moved from reserves in order to fund the marketing plan.

Ms. Omengebar reviewed the budget briefly and stated there was \$723,527 in reserves.

Chair MacDiarmid asked if the staff amendment was optional. Ms. Omengebar explained staffing was an annual charge and the requested transfer was similar to the way it was funded when the CRA staffed the BID.

Mr. Medeiros asked the reason for the staff change.

Clarence Woods, Northwest CRA Manager, explained the reason for the change. He stated Ms. Omengebar had been managing multiple programs, and staff had been trying to get an additional person to help with those duties and responsibilities, because it was no longer sustainable. He stated the BID was a full-time position. Mr. Woods asked the Board keep in mind that the BID had always carried the service charge, but it was taken off in Fiscal Year 2021.

Ina Lee stated the events funded by the BID were critically important to tourism on the beach. She asked if centralizing the staffing in the City Manager's office would help make it simpler in the future to bring events forward in the future.

Ms. Spurlock asserted they were discussing two (2) different issues. She stated events used to be handled through the City Manager's office and she oversaw them, but they had been moved to Parks and Recreation. She explained that would remain with Parks and Recreation, and the BID's function would remain in funding. She discussed staffing changes over time and workload issues.

Mr. Medeiros stated it sounded like what businesses were experiencing in coming back from COVID-19.

Motion made by Mr. Medeiros, seconded by Mr. Kusich, to approve the transfer of \$127,144 from reserves. In a voice vote, the **motion** passed unanimously.

Chair MacDiarmid asked for discussion regarding the budget amendment for additional event funding.

Ms. Omengebar clarified that the requested transfer of \$125,000 would cover the A1A Marathon, 2022 Air Show, and Fleet Week, but Mr. Stacey's discussion regarding Tortuga was not included. She noted the Board could allow him to go through the application process and review the budget and discuss a future budget amendment.

Discussion ensued regarding the event funding. Ms. Omengebar stated the events themselves would still need to come before the Board for approval, this action was just to move funds from reserves.

Motion made by Ms. Namour, seconded by Mr. Medeiros, to approve the transfer of \$125,000 from reserves. In a voice vote, the **motion** passed unanimously.

V. BID Manager Update
• **Co-Op Promotional Campaign Update**

Tasha Cunningham, BID Manager, gave a brief update on the ongoing promotional campaign in partnership with Visit Lauderdale. She stated Odyssey had finished the two (2) videos, which were the last portion of the campaign.

Chair MacDiarmid asked Ms. Cunningham to address how the businesses were selected.

Ms. Cunningham explained they had wanted a democratic process where Board members recommended businesses and places to feature. She stated the selections were made through an anonymous survey. She explained the videos covered the “Best Places to Stay” and the “Best Places to Dine” and showed the video to the Board.

Ms. Cunningham reviewed the distribution plan for the videos briefly. She stated they could also be made available to anyone on the BID who wanted to use them in their own promotion. Continuing, she stated a presentation of analytics was planned for the November meeting.

- **Funding Application Prospects**

Ms. Cunningham stated A1A Marathon would be requesting \$10,000, and Seaglass was requesting \$21,000, in addition to the Air Show and Fleet Week.

- **Food and Beverage Program**

Ms. Cunningham stated there was a committee comprised of General Managers at the hotels working on the food and beverage program issue, and BID staff was gathering information from that process to share with the Board.

Ms. Cunningham provided updates regarding other staff efforts, noting that starting in October, she would be reporting to the Chamber each month going forward on the BID activities, and beginning in November would be holding a monthly meeting with City and County transportation staff to discuss issues specifically related to Fort Lauderdale Beach. She stated she would provide updates with the Board on those conversations. Continuing, Ms. Cunningham stated she was working with Odyssey on putting together a promotion to honor Healthcare for Heroes, which would recognize first responders and create positive buzz for the BID and Fort Lauderdale Beach. She explained they were hoping to build weekend packages to use as recognition, and said she would report back next month.

VI. Communications to the City Commission

None.

VII. Old/New Business

- **Upcoming Events**

Ms. Omengabar asked the Board if they were familiar with the Loop update emails from Ari Glassman. She noted upcoming events were included in the email.

- **Rebranding Strategy Meeting**

Ms. Omengebar stated staff was working with Tasha and would be scheduling a separate workshop to allow the BID committee to discuss the rebranding strategy. She stated there remain a few things to work out with legal counsel, and then she would send an email regarding dates.

- **November Meeting Agenda Item Recommendations**
 - **Funding Applications and Presentations**
 - **Las Olas Marina MOT Plans Presentation**
 - **Co-op Campaign Presentation**

Ms. Omengebar shared items planned for the November agenda. She stated several requests were slated, and she would prioritize based on dates. She noted requests would also hinge on when the Budget Department could move funds.

Chair MacDiarmid stated staff and the Chair have a pre-call to review the agenda in order to limit presenters to remain within the allotted time. She asked if there was a December meeting scheduled.

Ms. Omengebar stated there was a meeting scheduled for December 13.

Chair MacDiarmid asked that there also should be an update on the budget included on the November agenda.

VIII. Adjournment

Upon motion duly made and seconded, the meeting adjourned at 4:24 p.m. The next Regular Meeting of the BID is scheduled for November 8, 2021, at 3:30 p.m.

**SEAGLASS EXPERIENCE 2022
MARKETING / ADVERTISING OVERVIEW**

MARKETING OVERVIEW:

The overall marketing plan is to bring out of town visitors and locals to the 2022 Seaglass Experience, by building anticipation, creating awareness, and launching a pre-sale ticket campaign that starts on October 1, 2021. The Seaglass marketing team, along with the **Alchemy Agency** and **Aqua Marketing**, will implement local & statewide strategies along with efforts placed in feeder markets on the East Coast and in the Midwest:

1. Ad placements (print and digital)
2. Editorial coverage
3. Boosted social media posts
4. Web banners for partner websites
5. Street banners
6. Display signage at sponsor locations
7. geotargeting/geofencing campaigns
8. Collateral distribution in the Fort Lauderdale Beach area
9. Billboard advertisements (located on Griffin Road & I-95)
First Run: October 15, 2021 – November 15, 2021
Second Run: December 15, 2021 – January 15, 2022

Editorial coverage will include published articles in Venice Magazine, purchased ad space in print publications that serve the Fort Lauderdale local and travel communities. VIP ticket giveaways will be executed via influencers and with a cross promotion campaign with wine & spirits retailer, Primo Liquors.

Hotel Partnerships:

13.1 Fort Lauderdale, Relay & 5K

December 19, 2021

The 13.1 Fort Lauderdale event will stage its 2021 edition this coming December 19th. The event fell on hard times due to mismanagement and we took it over in 2018. After starting the reparation process in 2019, Covid hit in 2020, setting us back and stalling the growth process. We have confidence in the event and are optimistic about a recovery. The running industry is starting to show signs of life and a resurgence.

The Half Marathon (13.1 Miles) & 10K distances are readily achievable for most people. The event is geared towards all levels of fitness, both runners and walkers. The event attracts participants due to its signature Fort Lauderdale Beach location, with a course featuring views of the Beach area along A1A.

Demographics

Runners represent a sought after target market. In general, they are a motivated, professional group of people. Many are married with children. Additionally, the term “*Run-Cation*” has become a recognizable term in the industry. Each year thousands of worldwide runners will bundle a running event into their vacation. Or, they will plan a vacation around a running event.

** In the 2019 event we welcomed runners from 16 US states, and 7 foreign countries. There is plenty of room for growth.

Demographics of Participants:

- **Average Age: 43**
- **Gender Breakdown: 57% Female; 43% Male**
- **Marriage: 66% are married**
- **Avg. Household Income: \$75,000+, compared with the national avg. of \$52,700**
- **Education: 75.8% are college educated, compared with the national avg. of 30.4%**
- **Number of Running Events participated in a year: 7.6**
- **Average Stay during a visit: 3 days/ 75% too overnight stays for running events**
- **Travel: 22% travel 100-300 miles and 33% travel over 300 miles**

Event Marketing Plan

The 13.1 Fort Lauderdale event platform requires a robust marketing plan to swing the event back to growth. The numbers have fallen from a peak of 4,000 people in 2014 down to its present attendance of 1,500 expected participants, and we are also dealing with the lingering effects of Covid. Due to the decrease in attendees the event is currently cash flow negative. But, we have made the commitment to grow the event and invest in a marketing program to focus on bringing runners from around the country.

Our marketing plan will consist entirely of social media and digital advertising. We have found that the highest Return on Investment is generated through this type of marketing. Additionally, we can easily track the performance of the ads and interact with potential customers.

Challenges to Overcome:

- Fix operations of event – *DONE*
- Streamline event expenses – *DONE*
- Win back customers
- Increase effective marketing
- Grow Revenues
 - Secure corporate sponsors
 - Increase participant revenue

Event Marketing Plan Details:

- June through December
- Utilizing Social Media – Facebook, Instagram, Twitter
- Targeting Adults 25-55 years of age, who enjoy Running, Health & Fitness, Travel
- Ads focusing on the Eastern Seaboard US, Southeast, Midwest, Canada

Summary...

The 13.1 Fort Lauderdale event represents a growth opportunity. We got a taste of the growth potential from the 2019 event, prior to Covid. The event takes place on the beach, primarily utilizing A1A with a start & finish location at Las Olas & A1A. We are going to incorporate a marketing program and some TLC to move the participation numbers back to a growth trajectory. The marketing efforts will focus on the eastern seaboard, the Southeast, the Midwestern US states, and Canada. The destination visitors will be directed and encouraged to stay at the hotels along the beach.

GRANT APPLICATION

11. Amount Requested from the BID: \$10,000

12. Indicate what the requested amount will be used for:

Funds will be used for marketing to expand our budget and target out of town participants to move the event on a growth trajectory.

13. List other revenue sources, other than the amount requested from the BID. If requesting funds elsewhere, indicate the organization name, amount requested, and status of receiving requested funds.

Revenue Sources:

Runner Registration Revenue

On-site sponsors

\$3,000 fund request from the Greater FTL CVB. We are awaiting on word with regards to that request.

14. Please list proposed activities planned.

Attach a narrative, if necessary.

Activities of the 13.1 Fort Lauderdale event include:

- Runner registration and packet pickup at a local business
- Half Marathon
- 2-Person Half Marathon Relay
- 10KRun/Walk
- Post-race Party at Las Olas Park

15. BID event sponsorship, if approved, shall only be "seed" money, with contributions reduced in subsequent years unless otherwise approved by the BID. Provide a business plan detailing how the proposed event will become self-sustaining within three to five years. Attach a narrative, if necessary.

In 2019 the BID provided funding which helped start the growth process of the event. We managed to turn the corner and be slightly cash flow positive in 2019. Covid greatly impacted the event industry and stalled the process. Presently we are back in a situation prior to 2019 funding. But thankfully we have a blueprint for how to achieve growth, having already achieved that from the 2019 event. Additionally, Covid impacted our sponsorship program. We lost our 2 main sponsors during Covid. They have communicated that they will explore sponsorships again in 2022. Bridging the gap to that opportunity would greatly help the event.

Fort Lauderdale Beach Business Improvement District (BID)

GRANT APPLICATION

- 16. Explain in detail the positive economic impact the proposed event/project/proposal will have for the BID and the businesses located within its boundaries. Indicate how it is consistent with the legislative determinations of special benefit found in Ordinance C-06-34, Section 1.04 (A)(2), by increasing the number of visitors to the BID.**

The positive economic impact that will be generated will be driven by out of town participants that will travel to Fort Lauderdale to participate in the event. Destination runners will stay in hotels along the beach, along with shopping and dining in businesses and restaurants located in the area. Our scenic course along A1A is the selling point of the event. For the 2019 event, people were attracted by the idea of running in an event along the iconic A1A, with miles of views of the ocean. These are the types of runners that we wish to attract. Further details of the runner demographics are provided in the PowerPoint Presentation.

- 17. Discuss how these impacts will be measured and reported to the BID Committee upon completion of the event. Attach a narrative, if necessary.**

We can measure the success of our marketing program based on the registration data we receive. During the registration process of the event, runners provide their home addresses. We have accurate information from where they will be visiting from.

- 18. Explain in detail how the proposed event will aid in the BID's efforts to brand Fort Lauderdale Beach as a world-class tourist destination. Attach a narrative, if necessary.**

Our event marketing plan showcases the scenery of the area and our run course along A1A. We are "selling" views of palm trees, the ocean, sunshine, and the attractive hotel properties along our run course. There are thousands of running events throughout the country. We strive to utilize the Fort Lauderdale Beach as the differentiator to separate our event from the pack and create a memorable experience for our participants.

- 19. Provide a detailed marketing plan that explains how the proposed event will be marketed and advertised. Attach a narrative, if necessary.**

The 13.1 Fort Lauderdale event platform requires a robust marketing plan to swing the event back to growth. The numbers have fallen from a peak of 4,000 people in 2014 down to its present attendance of 1,500 expected participants. We started to turn the corner in 2019 with an increase in attendance and improved cash flow of the event. Covid set us back, but we are announcing the running world that we are back in business for 2021 and beyond. We have made the commitment to grow the event and invest in a marketing program to focus on bringing runners from around the country. Our marketing plan will consist entirely of social media and digital advertising.

GRANT APPLICATION

- 16. Explain in detail the positive economic impact the proposed event/project/proposal will have for the BID and the businesses located within its boundaries. Indicate how it is consistent with the legislative determinations of special benefit found in Ordinance C-06-34, Section 1.04 (A)(2), by increasing the number of visitors to the BID.**

The goal of the Greater Fort Lauderdale Food & Wine Festival is to promote Fort Lauderdale's culinary scene on a national level. Our featured event, The Grand Tasting, will be held on Fort Lauderdale Beach and heavily marketed both nationally and locally, making Fort Lauderdale Beach hotels an attractive option for our attendees. Key national markets include NY, NJ, IL, CA, TX and PA. In our first two years of the festival we have averaged 45% of attendees from Broward County, 30% in Florida outside Broward County, and 23% outside of Florida with representation from 25 States and 5 Countries. We have formed a strategic partnership with the NY Wine and Grape Association and a Sommelier from NY who will market the event in their area as well.

- 17. Discuss how these impacts will be measured and reported to the BID Committee upon completion of the event. Attach a narrative, if necessary.**

The Greater Fort Lauderdale Food & Wine Festival will provide to the BID a summary of web traffic including user demographics, geographic locations and behavior tracking. A summary of media tracking of local, regional and national coverage. A summary of market research data gathered by the Greater Fort Lauderdale Food & Wine Festival's PR and marketing team.

- 18. Explain in detail how the proposed event will aid in the BID's efforts to brand Fort Lauderdale Beach as a world-class tourist destination. Attach a narrative, if necessary.**

The goal of the Greater Fort Lauderdale Food & Wine Festival is to promote Fort Lauderdale's culinary scene on a national level. Our featured event, The Grand Tasting, will be held on Fort Lauderdale Beach and heavily marketed both nationally and locally, highlighting Fort Lauderdale Beach and all that it has to offer. We have already gotten commitments from 10 Beach Hotels/ Restaurants to participate in the festival (see attached sheet of GT participants), further highlighting the area. We have formed a strategic partnership with the NY Wine and Grape Association and a Sommelier from NY who will market the event in their area as well. We will promote a co-branded giveaway highlighting FTL Beach as a destination.

- 19. Provide a detailed marketing plan that explains how the proposed event will be marketed and advertised. Attach a narrative, if necessary.**

Multi faceted marketing plan to include both regional and national campaigns. Campaign formats will include TV, Print, Radio and a Digital focus to encourage foodie destination travel. Past campaigns have generated in excess of 111 million media impressions with a Media and PR value of \$3 million dollars. See attached marketing plan.

Food Trucks at ArtoPark was revived by the city of Hollywood. Despite our numerous attempts to try to keep the event going, the City of Hollywood, Florida Government shut us down.

There was also pressure from restaurants near Young Circle who let it be known that they didn't want the event. We introduced chef Food Trucks at Arto Park singlehandedly revitalized Monday nights in Hollywood.

It was a great 8 and a 1/2 year run. We're very proud to say we had thousands upon 1. See more
