Page 2: Board of Adjustment (BOA) Criteria for Variance Request

Complete this page and an attached narrative.

SPECIFIC REQUEST: State the specific request according to the ULDR or other provisions of the Code.

Please see attached narrative.

CRITERIA: Applicant must demonstrate a unique hardship attributable to the land by proving by a preponderance of the evidence for all of the following criteria. Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12. A.4,

a. Special conditions and circumstances affect the property at issue which prevent the reasonable use of such property; and

Please see attached narrative.

b. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district; and:

Please see attached narrative.

c. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. (It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the property, provided the provisions of the ULDR still allow a reasonable use of the property; and

Please see attached narrative.

d. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations; and

Please see attached narrative.

e. The variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.

Please see attached narrative.

AFFIDAVIT: I, Stephen Carey Villeneuve and Stephanie L. Villeneuve the Owner/Agent of said property ATTEST that I am aware of the following:

1. In order to be entitled to the relief requested in the application an affirmative vote of a majority plus one of the Board of Adjustment is required;
2. That in granting the relief requested, the Board of Adjustment is limited to the authority vested in the Board by the ULDR and that the Board may not grant the relief requested unless the applicant proves all the criteria specified in the ULDR have been met;
3. That the granting of relief by the Board does not exempt the applicant or owner of record from the responsibilities of obtaining all applicable permits or approvals as may be required by law for both new and existing structures;
4. That if the relief requested is granted by the Board, the applicant must secure a building permit to implement the relief requested within one hundred eighty (180) days of the entry of the final order or the Board, or within such lesser time as the Board may proscribe and that failure to procure the necessary permits within the time so proscribed shall render the variance or special exception null and void;
5. That if the Board denies the request for relief, then no additional application for the same or substantially the same relief may be entertained by the Board within two (2) years of the date of entry of the final order of denial.

Fort Lauderdale Board of Adjustment

*Re: 400 NE 9th Ave, Fort Lauderdale, FL 33301 (the “Property”) – Board of Adjustment
Variance Requests*

Dear Members of the Board of Adjustment,

My wife and I own two side-by-side properties in Victoria Park. They are both single family residential homes.

Our current domicile is 406 NE 9th Ave, Fort Lauderdale, FL (“Current Domicile”). The property that is the subject of this variance request is immediately next door (to the south) at 400 NE 9th Ave, Fort Lauderdale, FL 33301 (the “Property”).

We are requesting:

- 1) that the north side yard set back of the Property – which is the side yard between our Current Domicile and the Property – be reduced from 5 feet to 2.88 feet, in order to permit us to convert the existing garage/carport space into habitable living space (a total reduction of 2.12 feet); and
- 2) that the existing 15-foot minimum corner yard requirement (25% of lot width but not greater than 25 ft.) be reduced to 12.63 feet, to accommodate the position of the currently existing (legal non-conforming) house (a total reduction of 2.37 feet).

I. BACKGROUND

My wife and I bought our Current Domicile in 2012. In 2018, our neighbor who owned the Property at the time, informed us that he was planning to sell the Property. At the time he was in discussions with a developer to whom he was going to sell, whose intention it was to tear down the Property. Our neighbor ended up selling the Property to us, in early 2019.

The Property has three bedrooms and one bathroom. It was originally our intention to move into the Property and then rent out our Current Domicile. However, moving a family of 5 (which includes three young children) into a house with only one bathroom turned out to be infeasible.

It is unclear from the City’s records whether the Property was developed with a carport or an enclosed garage when built – however, the space was converted to a room long ago (I do not know when, but it was prior to our purchasing it, and I believe prior to us moving into our Current

Domicile next door in 2012). We would like to convert the garage/carport into a bedroom with a bathroom in order to make the house functional. The north facing wall of the garage/carport is 2.88 feet from the north property line (abutting our Current Domicile), and thus is within the 5-foot setback.

Additionally, the Property was built such that the south corner yard setback is at 12.63 feet from the property line. The lot is 60 feet wide, and ULDR § 47-5.31 provides for a minimum corner yard of 25% of the lot width, which equals 15 feet. The existing 12.63 foot set back was allowed at the time the house was built, thus it is legally non-conforming, and we are seeking a variance to enable us to make future necessary improvements to the house..

II. REQUESTED VARIANCES

We are requesting a variance from the ULDR § 47-5.31, which requires a 5-foot side yard setback. We are requesting that the side yard setback for the north side yard be reduced to 2.88 feet (a total reduction of 2.12 feet) (the “Side Yard Request”).

Additionally, we are requesting a variance from the ULDR § 47-5.31, which requires (for a 60 foot wide lot) a 15-foot minimum corner yard setback (25% of lot width but not greater than 25 ft.). We are requesting that the minimum corner yard setback for the south corner yard be reduced to 12.63 feet (a total reduction of 2.37 feet) (the “Corner Yard Request”).

III. BASIS FOR REQUEST

- a. *That special conditions and circumstances affect the property at issue which prevent the reasonable use of such property.*

Side Yard Request

The Property was built in approximately 1939. Original houses like it in Victoria Park are being voraciously bought up and torn down to build spec homes (most all of which look the same, and do not reflect the original character or architecture of Victoria Park). We would like to avoid doing that with the Property, however, currently the Property cannot be adequately used or enjoyed (particularly by a family). It has three very small bedrooms, a small bathroom, and no master bedroom. Given the basic expectations for modern residences – particularly as more people work from home – the house cannot be properly used or enjoyed without adding a master bedroom and additional bathroom. As such, not granting a variance so the existing and longstanding enclosed structure can be converted to a bedroom and bathroom would deprive us of the reasonable use of the Property. The only adjacent single family home (owned by us) is in full support of this variance request.

Corner Yard Request

When the Property was built it was in compliance with the then-applicable south minimum corner yard requirement. As a result of subsequent changes to the code it no longer is in compliance, thus is legally non-conforming as to the south minimum corner yard. This limits the ability to make future needed improvements to the home to allow for the reasonable use of the

Property. The only adjacent single family home (owned by us) is in full support of this variance request (there is no adjacent home to the south of the Property).

- b. *That the circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district.*

Side Yard Request

While many other properties throughout the neighborhood (including our Current Domicile) were constructed with carports within the 5-foot side yard setback, many of those properties have been demolished and replaced with larger modern structures. Some of the remaining original structures have subsequently enclosed the carports and garages and have converted those existing non-conforming garage/carports into living spaces. In fact, the adjacent property located at 406 NE 9th Ave. (i.e. our Current Domicile) received a variance from the City in 1986 to allow the constructed carport to be enclosed and converted to a bedroom with an existing 3.9' side yard setback (See **Exhibit "A"**). Of note, it appears that the two homes were constructed around the same time period by the same builder and have almost identical original floorplans. Accordingly, granting the variance is in conformity with other properties in the neighborhood, and would allow the Property to be usable and preserved, rather than demolished and replaced with a spec home. Further, this application presents a unique scenario, as there is only a single adjacent property¹, which we, the applicants, own (i.e. our Current Domicile). Thus, granting the variance would not have an impact on anyone other than the applicants. As such, it would not alter the character of the neighborhood (to the contrary, it would help preserve it) nor would it be detrimental to the public welfare.

Corner Yard Request

Likewise, the application as to the corner yard presents a unique scenario in that the placement of the home on the Property was permitted at the time, and is less than 3 feet into the now applicable setback. Allowing the house to remain in its current location, yet to be able to be subsequently improved in ways that legally non-conforming uses cannot would allow the Property to be usable and preserved, rather than demolished and replaced with a spec home. Again, the only adjacent property is owned by applicants, thus granting the variance would not have an impact on anyone other than the applicants, and it would not alter the character of the neighborhood (but to the contrary, would help preserve it) nor would it be detrimental to the public welfare.

- c. *That the literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the*

¹ There is no adjacent property to the East because the Property is bordered by an alleyway to the East. There is no adjacent property to the South because the Property is bordered by NE 4th St. to the South. There is no adjacent property to the West because the Property is bordered by NE 9th Ave. to the North. The adjacent property to the North is our Current Domicile.

property, provided the provisions of the ULDR still allow a reasonable use of the property.

Side Yard Request

Given the demands and expectations of modern living, the house cannot be reasonably used and enjoyed in its current state (i.e. with only three small bedrooms, no master bedroom, and only one bathroom). This has only increased as working from home has become more common, thus creating the additional need for dedicated workspaces within homes. Further, since other similarly situated properties have received a variance to allow exactly the same conversion of the existing carport within the setback to a living space, literal application of the ULDR would deprive us of substantial property rights enjoyed by others.

Corner Yard Request

Likewise, literal application of the ULDR's current minimum corner yard requirement would deprive us of substantial property rights enjoyed by others by preventing us from making necessary improvements to the home due to it being less than 3 feet into the current setback, particularly where the placement of the home was permitted at the time it was built.

- d. *That the unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations.*

Side Yard Request

Nothing herein was self-created. The application is in furtherance of making the Property able to be used and enjoyed, and preserved, rather than torn down and replaced. Granting the variance would be in keeping with the character of the neighborhood, would help preserve original Victoria Park architecture, and would only impact us, the applicants, as we own the only adjacent property.

Corner Yard Request

Likewise, nothing as to the corner yard request was self-created. Allowing changes in the code to render homes (that were compliant when built) incapable of being updated so as to be reasonably used and enjoyed constitutes an undue hardship that is not self-created.

- e. *That the variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.*

Side Yard Request

We have asked for the minimum variance needed based on the existing exterior wall of the enclosed garage/carport to be converted. Additionally, granting the variance would not effectuate any actual change to the physical distance between the home on the Property and the adjacent Current Domicile, as the existing enclosed garage/carport already extends into the setback between the Property and the Current Domicile. This variance would simply allow that exterior wall to be the exterior wall of a bedroom rather than the exterior wall of a garage/carport.

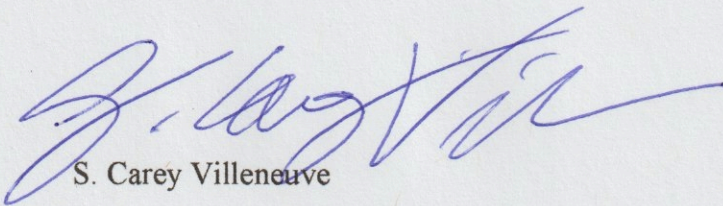

Corner Yard Request

We have asked for the minimum variance needed based on the existing exterior south wall of home. Additionally, granting the variance would not effectuate any actual change to the physical distance between the structure on the Property and the adjacent property line, as the existing south wall of the home already sits at 12.63 feet from the property line at the south corner yard. This variance would simply allow that exterior wall to remain where it is without precluding future necessary improvements to the home.

As such, we respectfully request this Board grant our variance requests to: 1) permit the existing garage/carport structure that is 2.88 feet from the north property line to remain so that it can be converted to habitable living space in accordance with building code requirements; and 2) permit the south corner yard setback to be 12.63 feet from the south property line to accommodate the current location of the house.

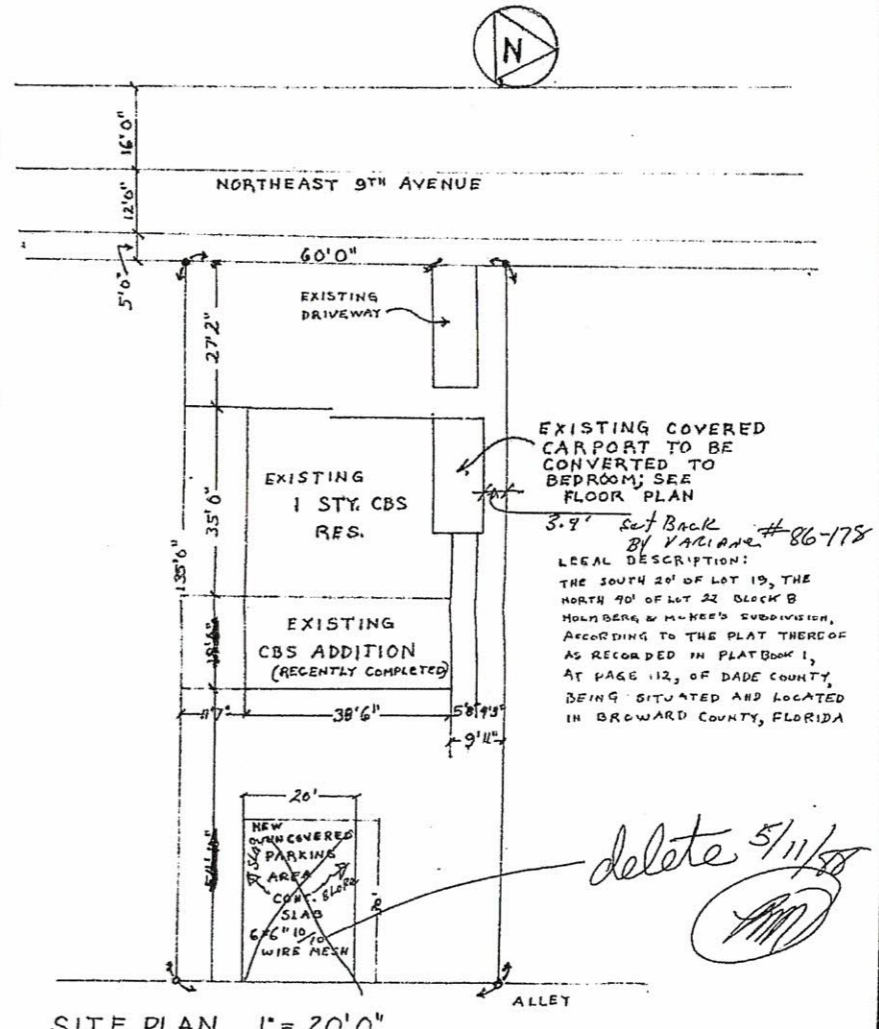

Thank you for your time and consideration.

Respectfully,

S. Carey Villeneuve

PLATTED EASEMENTS, NOTABLE OR ADVERSE CONDITIONS (UNPLATTED EASEMENTS ALSO LISTED IF PROVIDED BY CLIENT):
IF APPLICABLE, RECIPIENTS OF THIS SURVEY SHOULD REVIEW THE POSITION OF ANY FENCE LINES SHOWN HEREON AND THEIR RELATIONSHIP TO THE BOUNDARY LINE.

-NONE FOUND

GENERAL NOTES:

1. THIS SURVEY IS BASED UPON RECORD INFORMATION PROVIDED BY CLIENT. NO SPECIFIC SEARCH OF THE PUBLIC RECORD HAS BEEN MADE BY THIS OFFICE UNLESS OTHERWISE NOTED.
2. IF THIS SURVEY HAS BEEN PREPARED FOR THE PURPOSES OF A MORTGAGE TRANSACTION, ITS SCOPE IS LIMITED TO THE DETERMINATION OF TITLE DEFICIENCIES. NO FUTURE CONSTRUCTION SHALL BE BASED UPON THIS SURVEY WITHOUT FIRST OBTAINING APPROVAL AND/OR UPDATES FROM LANDTEC SURVEYING. LANDTEC SURVEYING ASSUMES NO RESPONSIBILITY FOR ERRORS RESULTING FROM FAILURE TO ADHERE TO THIS CLAUSE.
3. ANY FENCES SHOWN HEREON ARE ILLUSTRATIVE OF THEIR GENERAL POSITION ONLY. FENCE TIES SHOWN ARE TO GENERAL CENTERLINE OF FENCE. THIS OFFICE WILL NOT BE RESPONSIBLE FOR DAMAGES RESULTING FROM THE REMOVAL OF, OR CHANGES MADE TO, ANY FENCES UNLESS WE HAVE PROVIDED A SURVEY SPECIFICALLY LOCATING SAID FENCES FOR SUCH PURPOSES. DETERMINATION OF FENCE POSITIONS SHOULD BE BASED SOLELY ON THEIR PHYSICAL RELATIONSHIP TO THE MONUMENTED BOUNDARY LINES.
4. GRAPHIC REPRESENTATIONS MAY HAVE BEEN EXAGGERATED TO MORE CLEARLY ILLUSTRATE MEASURED RELATIONSHIPS - DIMENSIONS SHALL HAVE PRECEDENCE OVER SCALED POSITIONS.
5. UNDERGROUND IMPROVEMENTS HAVE NOT BEEN LOCATED EXCEPT AS SPECIFICALLY SHOWN.
6. ELEVATIONS ARE BASED UPON NATIONAL GEODETIC VERTICAL DATUM (N.G.V.D. 1928) OR NORTH AMERICAN VERTICAL DATUM (N.A.V.D. 1888) AS SHOWN ABOVE.
7. ALL BOUNDARY AND CONTROL DIMENSIONS SHOWN ARE FIELD MEASURED AND CORRESPOND TO RECORD INFORMATION UNLESS SPECIFICALLY NOTED OTHERWISE.
8. CORNERS SHOWN AS "SET" ARE IDENTIFIED WITH A CAP MARKED LS (LICENSED SURVEYOR) # 5639.

I HEREBY CERTIFY THAT THIS BOUNDARY SURVEY MEETS THE MINIMUM TECHNICAL STANDARDS FOR SURVEYS, AS SET FORTH BY THE FLORIDA BOARD OF SURVEYORS AND MAPPERS IN CHAPTER 5J-17.051 & 5J-17.052 OF THE FLORIDA ADMINISTRATIVE CODE, PURSUANT TO SECTION 472.027, FLORIDA STATUTES, AND THAT THE ELECTRONIC SIGNATURE AND SEAL HEREON MEETS PROCEDURES AS SET FORTH IN CHAPTER 5J-17.062, PURSUANT TO SECTION 472.025, FLORIDA STATUTES.
