Page 2: Board of Adjustment (BOA) Criteria for Variance Request

Complete this page and an attached narrative.

SPECIFIC REQUEST: State the specific request according to the ULDR or other provisions of the Code.

Variance from Section 47-18.33.B.5 to allow trees within an access easement

CRITERIA: Applicant must demonstrate a unique hardship attributable to the land by proving by a preponderance of the evidence for all of the following criteria. Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12. A.4,

a. Special conditions and circumstances affect the property at issue which prevent the reasonable use of such property; and

See narrative

b. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district; and:

See narrative

c. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. (It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the property, provided the provisions of the ULDR still allow a reasonable use of the property; and

See narrative

d. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations; and

See narrative

e. The variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.

See narrative

AFFIDAVIT: I, Andrew Scherz the Owner/Agent of said property ATTEST that I am aware of the following:

1. In order to be entitled to the relief requested in the application an affirmative vote of a majority plus one of the Board of Adjustment is required;
2. That in granting the relief requested, the Board of Adjustment is limited to the authority vested in the Board by the ULDR and that the Board may not grant the relief requested unless the applicant proves all the criteria specified in the ULDR have been met;
3. That the granting of relief by the Board does not exempt the applicant or owner of record from the responsibilities of obtaining all applicable permits or approvals as may be required by law for both new and existing structures;
4. That if the relief requested is granted by the Board, the applicant must secure a building permit to implement the relief requested within one hundred eighty (180) days of the entry of the final order of the Board, or within such lesser time as the Board may proscribe and that failure to procure the necessary permits within the time so proscribed shall render the variance or special exception null and void;
5. That if the Board denies the request for relief, then no additional application for the same or substantially the same relief may be entertained by the Board within two (2) years of the date of entry of the final order of denial.

SIGN NOTICE

Applicant must **POST SIGNS** (for Board of Adjustment) according to Sec. 47-27.2 Types of Public Notice and 47-27.9 Variance, Special Exception, Temporary Non-Conforming Use, Interpretation requires the following notice:

- Sign Notice shall be given by the applicant by posting a sign provided by the City stating the time, date, and place of the Public Hearing on such matter on the property which is the subject of an application for a development permit. If more than one (1) public hearing is held on a matter, the date, time, and place shall be stated on the sign or changed as applicable.
- The sign shall be posted at least fifteen (15) days prior to the date of the public hearing.
- The sign shall be visible from adjacent rights-of-way, including waterways, but excepting alleys.
- If the subject property is on more than one (1) right-of-way, as described above, a sign shall be posted facing each right-of-way.
- If the applicant is not the owner of the property that is subject of the application, the applicant shall post the sign on or as near to the subject property as possible subject to the permission of the owner of the property where the sign is located or, in a location in the right-of-way if approved by the City.
- If the sign is destroyed or removed from the property, the applicant is responsible for obtaining another sign from the City and posting the sign on the property.
- The sign shall remain on the property until final disposition of the application. This shall include any deferral, rehearing, appeal, request for review or hearings by another body. The sign information shall be changed as above to reflect any new dates.
- The applicant shall, five (5) days prior to the public hearing, execute and submit to the department an affidavit of proof of posting of the public notice sign according to this section. If the applicant fails to submit the affidavit the public hearing will be postponed until the next hearing after the affidavit has been supplied.

Owner: Beverly Heights TH LLC
Address: 5/7/9/11/13/15/17/19 SE 11th Avenue & 10/12/14 SE 10th Avenue (the
"Property")
Project: Beverly Townhomes
Request: Variance from ULDR Section 47-18.33.B.5

Application for Variance

1. General Information and Variance Request

Beverly Heights TH LLC ("Owner") is the owner of the Property. The Property is the location of an 11-unit townhouse development, approved under City DRC Case No. PL-R18003 (the "Project"). The townhouse units in the Project are in three (3) separate buildings, as shown on the site plan submitted with this application.

Owner installed trees around the perimeter of the site in order to beautify the site and to provide additional privacy for the future residents. Of import to this application are the trees located behind the individual townhouse units and the trees between Building 1 and Building 2.

Section 47-18.33.B.5 of the ULDR requires a 5' access easement around the individual townhouse buildings in order to provide access to the rear of the units for the middle buildings (otherwise residents may need to trespass on their neighbor's property for maintenance purposes, e.g. bringing a lawnmower to the backyard, pool maintenance, etc.).

The Project was designed and approved with a landscape strip at the rear of the units abutting the fence, as well as trees between Building 1 and Building 2. The landscape strip and trees do not allow for a full 5' clear access easement due to the site constraints. Without removing the trees, a 5' access easement can be provided but the access easement cannot be fully "clear". Owner is therefore requesting a variance to allow trees within the approved landscaping strip, which is within the 5' access easement. With the trees, the clear width of the access easement will range between 3' – 3" clear width to 4' – 4" clear width as shown in the chart on the site plan.

2. Code Provisions

ULDR Section 47-18.33.B.5.a through ULDR Section 47-18.33.B.5.d (applicable language is underlined):

- a. *Front yard. The minimum front yard shall be the same as that required for the zoning district where the townhouse development is located. A five (5) foot easement along the front property line of the townhouse development shall be required if the fee simple lot of each unit does not directly abut the public right-of-way. Provisions satisfactory to the city attorney shall be made for a recordable easement along the front property line of the development for use by the owners of the units.*
- b. *Corner yards. A townhouse building abutting two (2) or more public rights-of-way shall provide a minimum corner yard of twenty (20) feet. A five (5) foot easement along the corner property line of the group shall be required if the fee simple lot of each unit does not directly abut the public right-of-way. Provisions satisfactory to the city attorney shall be made for a recordable easement along the corner property line of the townhouse development for use by the owners of the units.*
- c. *Side yard. The side yard shall be a minimum of ten (10) feet from the side property line of the townhouse development. A five (5) foot easement which extends from front to rear lot lines along a side lot line of the townhouse development not abutting a public street shall be required for use by owners within the development. Provisions satisfactory to the city attorney shall be made for a recordable easement along the side property line of the townhouse development for use by the owners of the units.*
- d. *Rear yard. The rear yard shall be a minimum of twenty (20) feet from the rear property line. A five (5) foot easement along the rear property line of the townhouse group shall be required if the fee simple lots of each unit does not directly abut the public right-of-way. Provisions satisfactory to the city attorney shall be made for a recordable easement along the rear property line of the development for use by the owners of the units within the development.*

3. Variance Criteria

- a. Special conditions and circumstances affect the property at issue which prevent the reasonable use of such property;

RESPONSE: The Property abuts commercial uses to the north, facing Broward Boulevard. Due to the proximity to commercial uses and the heavily trafficked Broward Boulevard corridor, Owner wanted to provide additional trees on the Property to provide enhanced screening and privacy for the future residents. Restricting the ability to provide the trees, particularly when access will still be maintained, is unreasonable.

Owner was aware of the code-required 5' access easement, but was not aware that the access easement had to have a 5' clear width – Owner was under the assumption that as long as proper access is maintained within the easement area, the code was met. It was not until applying for a Certificate of Occupancy that this issue arose,

and City staff determined that the easement could not have trees within the easement area.

- b. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district;

RESPONSE: This is a unique circumstance – Owner is not aware of any other townhouse development that has had their Certificate of Occupancy issuance held up for plantings within an easement area, particularly when those plantings are to provide privacy for residents whose townhouses are in close proximity to a major transportation corridor and abut nonresidential uses.

- c. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the property, provided the provisions of the ULDR still allow a reasonable use to the property;

RESPONSE: Privacy is a substantial property right. Without the trees behind the townhouses, the future residents' privacy will be substantially impacted. Denial of this variance does not deny the Owner a more profitable use of the Property; on the contrary, Owner spent significant funds to provide these additional trees (above and beyond what the code requires). The trees for two (2) of the buildings are not yet installed; if this variance is denied, Owner will save money to the detriment of the future residents and will not be able to provide the additional trees.

- d. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result or mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations; and

RESPONSE: Owner installed the trees, but the situation that led to this variance request was not self-created by the Owner. The Owner intended to provide a 5' access easement in accordance with the ULDR; however, the ULDR does not specify that there cannot be any plantings in the easement area. It was not until Owner submitted the access easement to the City Attorney's Office that this issue arose and the Owner received the City's interpretation stating that no trees are permitted in the easement area. At this time, Owner also received information regarding the method of granting the access easement, which is also not specified in the ULDR. While Owner was aware of the provisions in the ULDR and intended on following

them, Owner was not aware of the additional, unpublished interpretations and procedures that were made by City staff.

The Project passed numerous landscape inspections (the most recent being for Permit No. PM-19020485 on February 11, 2022), and the landscape inspectors did not mention anything about the trees in the easement area.

- e. The variance is the minimum variance that will make possible a reasonable use of the property, and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.

RESPONSE: The variance to allow the trees within the easement area, while still providing adequate access for the future residents, is the minimum variance necessary to ensure that the residents' privacy is maintained and to enhance the tree canopy in this area. Although Owner was not aware of staff's interpretation regarding trees in the easement area, Owner was aware of the purpose and intent of providing access behind and around the townhouse building, which are still maintained with this variance.

The granting of this variance will make the Property more compatible with adjoining properties by providing a more landscaped buffer between the commercial properties to the north and the residential use of the Project. Additional landscape buffers and an increased tree canopy is not detrimental to the public welfare; it benefits the public welfare.

The granting of this variance will also make the Project more harmonized with the intent of the ULDR, which requires 10' landscaped bufferyards on nonresidential properties when they are adjacent to residential properties. If the commercial properties to the north came in as a new development today, they would be required to provide a 10' landscape buffer (with trees) on the southern boundaries of their property under the City's Neighborhood Compatibility requirements.¹ Since there is no 10' landscaped bufferyard on the commercial properties (as their construction pre-dates the ULDR), allowing this additional planting strip at the rear of the townhouse units will provide that bufferyard that would otherwise be required under today's ULDR.

¹ See ULDR Section 47-25.3.A.3.d.i

Sec. 47-18.33. Single family dwelling, attached: Townhouses.

B. *Site design criteria.* A single family dwelling: townhouses (Herein referred to as townhouse development) shall meet the following site design criteria:

5. *Yard requirements.*

- a. *Front yard.* The minimum front yard shall be the same as that required for the zoning district where the townhouse development is located. A five (5) foot easement along the front property line of the townhouse development shall be required if the fee simple lot of each unit does not directly abut the public right-of-way. Provisions satisfactory to the city attorney shall be made for a recordable easement along the front property line of the development for use by the owners of the units.
- b. *Corner yards.* A townhouse building abutting two (2) or more public rights-of-way shall provide a minimum corner yard of twenty (20) feet. A five (5) foot easement along the corner property line of the group shall be required if the fee simple lot of each unit does not directly abut the public right-of-way. Provisions satisfactory to the city attorney shall be made for a recordable easement along the corner property line of the townhouse development for use by the owners of the units.
- c. *Side yard.* The side yard shall be a minimum of ten (10) feet from the side property line of the townhouse development. A five (5) foot easement which extends from front to rear lot lines along a side lot line of the townhouse development not abutting a public street shall be required for use by owners within the development. Provisions satisfactory to the city attorney shall be made for a recordable easement along the side property line of the townhouse development for use by the owners of the units.
- d. *Rear yard.* The rear yard shall be a minimum of twenty (20) feet from the rear property line. A five (5) foot easement along the rear property line of the townhouse group shall be required if the fee simple lots of each unit does not directly abut the public right-of-way. Provisions satisfactory to the city attorney shall be made for a recordable easement along the rear property line of the development for use by the owners of the units within the development.
- e. *Additional requirements.* When any portion of a townhouse abutting the side yard for the development site exceeds twenty-two (22) feet in height, that portion of the structure shall be set back a minimum of an additional one (1) foot for each foot of height above twenty-two (22) feet.
- f. *Reduced setback.* Townhouse developments that provide for parking or garage access at the rear of units may reduce the front and corner yard requirement to fifteen (15) feet subject to the following:
 - i. No individual garages may face the public right-of-way except those townhouse developments located on a corner lot may have one (1) garage with an opening facing toward the right-of-way abutting each corner side yard. The garage facing the right-of-way shall be subject to the following requirements:
 - a. Garages shall be set back an additional two (2) feet from the principal facade of the building or eighteen (18) feet from the property line, whichever is greater; and

-
- ii. Townhouse units may be accessed from one (1) two-way driveway or two (2) one-way driveways; and
 - iii. Parking shall not be permitted between the townhouse buildings and any public right-of-way; and
 - iv. The area between the townhouse building and the public right-of-way shall be landscaped in accordance with the requirements of Section 47-21.

SIGN NOTICE

Applicant must **POST SIGNS** (for Board of Adjustment) according to Sec. 47-27.2 Types of Public Notice and 47-27.9 Variance, Special Exception, Temporary Non-Conforming Use, Interpretation requires the following notice:

- Sign Notice shall be given by the applicant by posting a sign provided by the City stating the time, date, and place of the Public Hearing on such matter on the property which is the subject of an application for a development permit. If more than one (1) public hearing is held on a matter, the date, time, and place shall be stated on the sign or changed as applicable.
- The sign shall be posted at least fifteen (15) days prior to the date of the public hearing.
- The sign shall be visible from adjacent rights-of-way, including waterways, but excepting alleys.
- If the subject property is on more than one (1) right-of-way, as described above, a sign shall be posted facing each right-of-way.
- If the applicant is not the owner of the property that is subject of the application, the applicant shall post the sign on or as near to the subject property as possible subject to the permission of the owner of the property where the sign is located or, in a location in the right-of-way if approved by the City.
- If the sign is destroyed or removed from the property, the applicant is responsible for obtaining another sign from the City and posting the sign on the property.
- The sign shall remain on the property until final disposition of the application. This shall include any deferral, rehearing, appeal, request for review or hearings by another body. The sign information shall be changed as above to reflect any new dates.
- The applicant shall, five (5) days prior to the public hearing, execute and submit to the department an affidavit of proof of posting of the public notice sign according to this section. If the applicant fails to submit the affidavit the public hearing will be postponed until the next hearing after the affidavit has been supplied.

AFFIDAVIT OF POSTING SIGNS

STATE OF FLORIDA

BROWARD COUNTY

BOA CASE NO. PLN-BOA-22040003

APPLICANT: Andrew J. Schein, Esq. / Lochrie & Chakas, P.A.

PROPERTY: 5/7/9/11/13/15/17/19 SE 11th Avenue & 10/12/14 SE 10th Avenue

PUBLIC HEARING DATE: May 11, 2022

BEFORE ME, the undersigned authority, personally appeared Andrew J. Schein, Esq., who upon being duly sworn and cautioned, under oath deposes and says:

1. Affiant is the Applicant in the above cited City of Fort Lauderdale **Board or Commission** Case.
2. The Affiant/Applicant has posted or has caused to be posted on the Property the signage provided by the City of Fort Lauderdale, which such signage notifies the public of the time, date and place of the Public Hearing on the application for relief before the **Board or Commission**.
3. That the sign(s) referenced in Paragraph two (2) above was posted on the Property in such manner as to be visible from adjacent streets and waterways and was posted at least **fifteen (15)** days prior to the date of the Public Hearing cited above and has remained continuously posted until the date of execution and filing of this Affidavit. Said sign(s) shall be visible from and within twenty (20) feet of streets and waterways, and shall be securely fastened to a stake, fence, or building.
4. Affiant acknowledges that the sign must remain posted on the property until the final disposition of the case before the **Board or Commission**. **Should the application be continued, deferred, or re-heard, the sign shall be amended to reflect the new dates.**
5. Affiant acknowledges that this Affidavit must be executed and filed with the City's Urban Design & Development **five (5)** calendar days prior to the date of Public Hearing and if the Affidavit is not submitted, the Public Hearing on this case shall be cancelled.
6. Affiant is familiar with the nature of an oath or affirmation and is familiar with the laws of perjury in the State of Florida and the penalties, therefore.

NOTE: I understand that if my sign is not returned within the prescribed time limit as noted in Sec. 47.27.2.j of the City of Fort Lauderdale ULDR, I will forfeit my sign deposit. AS (Initial here)
