

Memorandum

Memorandum No: 22-058

Date: June 10, 2022

To: Honorable Mayor and Commissioners

From: Chris Lagerbloom, ICMA-CM, City Manager

Re: Fiscal Year 2023 Preliminary Budget Information

At the July 5, 2022, Regular Meeting, the City Commission will set the maximum millage rate and non-ad valorem assessment fees for Fiscal Year (FY) 2023. This memo provides early information regarding the FY 2023 General Fund budget to allow adequate time to review our recommendations prior to setting these rates. The adoption of the budget will occur at public hearings scheduled for September 6, 2022, and September 12, 2022.

Property Values – Ad Valorem Revenue

As staff prepares the budget for FY 2023, the City received positive news regarding one of the largest revenue sources: ad valorem (property) taxes. Property taxes account for approximately 46.0% of the ongoing General Fund Revenues. The Broward County Property Appraiser's June 1, 2022, estimate indicated an increase of 12.94% of the City's taxable property value. This is an increase from \$43.2 billion to \$48.8 billion based on the final valuation for 2022. Of the \$5.6 billion increase, \$1.7 billion is associated with new construction, which is a positive outcome of the City's ongoing focus on economic revitalization and development. Overall, this increase is expected to yield approximately \$20.1 million in additional revenue that the City can use to pay for its increasing expenses and to augment and enhance service delivery.

A portion of this increased property value will result in an increased transfer of funds in the amount of \$2.1 million to the Community Redevelopment Agency (CRA), due to the growth in taxable values in the CRA areas. CRA funding comes from the property tax dollars generated above the special district's baseline property value when the CRA was first established.

Because of the large increase in taxable values, the City can maintain its current low millage rate of 4.1193 for the sixteenth (16th) consecutive year while enhancing service levels in targeted areas.

Fire Assessment Fee

The City's Fire Assessment Fee was reviewed as a part of the FY 2023 budget development process, which is consistent with the City's past practice of adjusting the fee to full cost recovery every three years. Based upon the results from the fee study, the fee per residential dwelling unit will increase from \$311 to \$323 per year. The proposed assessment generates \$1.2 million in increased revenue to the General Fund in FY 2023 as compared to FY 2022.

Key Revenue and Expenditure Changes

Some key highlights of revenue and expenditure changes from the previous fiscal year are included in **Attachment 1**. Notable increases to revenues apart from property taxes and the fire assessment fee include Florida Power and Light's Utility Tax and Franchise Fees, which are expected to increase by \$4.6 million due to approved FPL rate increases. Other revenue increases include: \$850 thousand in additional Bahia Mar lease revenue, and \$600 thousand in Fire/Rescue Transport Fees. Expenditure increases are expected in the estimated amount of \$10.1 million for personal service expenses, \$890 thousand in fuel costs, and \$520 thousand for electricity.

Strategic Enhancements and Investments

This year, the City identified several strategic enhancements that will position the City for long-term financial sustainability and further the City's Vision, Strategic Plan, and Commission Priorities. The enhancement requests considered and my recommendations for funding approval are outlined in **Attachment 2**.

I am proud that this preliminary budget makes foundational investments that will improve the quality of life for neighbors today and prepare the City for tomorrow's challenges. This budget makes significant investments in public safety to meet the growing demand for services, which are due primarily to population growth and increased tourism. In the Police Department, I am proposing to increase staffing levels by seventeen (17) additional officers. This will help reinstate the neighborhood action teams and place a focus on community-based policing. In the Fire Rescue Department, I am recommending the implementation of a mobile integrated health program, including the addition of two (2) additional positions to administer the program. This team will be tasked with dealing with non-emergency calls to alleviate some of the burden on the County's emergency dispatch system. I am also recommending the funding of startup equipment costs and three months of staffing for fourteen (14) positions to staff the new Emergency Medical substation. In the Development Services Department, I am recommending the addition of four (4) code compliance officers to enhance after hours code enforcement. These enhancements respond to the needs of a growing community and promote accountability in public safety. In addition, these prospective services reimagine what serving the public should be as the City of Fort Lauderdale progresses into the future.

Personal Service Expenses – Collective Bargaining Agreements

The substantial risk the City faces in balancing the FY 2023 budget are the unknown personnel costs associated with ongoing collective bargaining negotiations. All of the City's six (6) collective bargaining agreements expire before the beginning of FY 2023. Salaries and benefits account for approximately 65.4% of General Fund expenditures, excluding transfers to the Community Investment Plan (CIP). Of 1,779 General Fund Employees, 1,537 or 86.4% are represented by collective bargaining agreements. At this juncture, the preliminary budget includes estimates for cost-of-living adjustments (COLA) (or 75% wage adjustments) and merit (or step increases), consistent with the most recent negotiated collective bargaining agreements. Before any FY 2023 strategic enhancement recommendations, the estimated increase in salaries and benefits in the General Fund are approximately \$10.1 million based upon these assumptions.

Inflation and Market Volatility

Inflation is at an all-time 40-year high, meaning the cost of goods and services have increased dramatically. For local municipalities, this type of market volatility heavily impacts the cost of planned capital projects and routine service delivery. Based on this current economic climate, the FY 2023 Preliminary Budget considered, and included, inflationary factors for contracts and service agreements that have known and anticipated cost increases. Moreover, as a conservative measure, the City accounted for future cost increases for the various replacement plans. Furthermore, inflationary considerations will disproportionately impact capital projects as there is a delay between initial project approval and the completion of the procurement process. Therefore, individual projects are being reviewed as updated cost estimates are received and, where applicable, have been incorporated in the Preliminary FY 2023 – FY 2027 Community Investment Plan. The City will continue to monitor inflationary assumptions in future years and adjust accordingly to provide robust current service delivery budgets.

Replacement Plans

The City has committed to systematically developing new, and updating previous, replacement plans as a part of the annual budget development process. This methodical approach strengthens our long-term planning and minimizes annual fluctuations in replacement expenditures. Furthermore, multi-year replacement schedules allow us to properly equip City staff to serve the community purposefully and ensures accountability of assets during the annual budgeting process. The FY 2023 preliminary City investment in replacement of key equipment and assets as a part of these plans is recommended at \$13.1 million. These replacement plans have been provided as part of the preliminary budget information (**Attachments 3 – 9**).

Community Investment Plan

The FY 2023 Community Investment Plan (**Attachment 10**) includes \$26.7 million in General Funds, \$1.0 million in Gas Tax Funds, and \$500,000 in Community Block Grant Funds to address the most pressing general infrastructure needs of our community.

- \$4.1 million for the new Fire Station 13 to account for inflationary cost estimates for constructing the new facility
- \$3.6 million for the Restoration and Replacement of Seawalls
- \$3.6 million for bridge repairs and replacements
- \$3.5 million for the repair and replacement of roadways and sidewalks
- \$3.1 million for the new Fire Station 88, in the region south of Broward Boulevard
- \$2.5 million for the Galt Ocean Mile Beautification Project
- \$2.1 million for paving and mobility improvements along Las Olas Boulevard
- \$2.0 million for City Facility Repairs and Replacements
- \$2.0 million for the City's portion of Broward County Segment II Beach Nourishment
- \$1.7 million for inflationary adjustments for capital projects pending contract award
- \$600,000 for the Renovation of Parker Playhouse
- \$500,000 for Streetlight Improvements
- \$300,000 for Streetscapes and Traffic Flow Improvements
- \$300,000 for Lifeguard Tower Replacements
- \$100,000 for ADA compliant bus stops

The FY 2023 Preliminary Budget includes one-time expenses that we can fund because of the \$20.0 million one-time revenue received from the second tranche of the American Rescue Plan Act's revenue replacement provision (**Attachment 11**). This budget also includes \$2.0 million in funding for nonprofit organizations to support key community services that align with the City's Strategic Plan, annual Commission Priorities, and operational needs (**Attachment 12**).

The FY 2023 Preliminary Budget, including detailed department request packages, has been posted on the City's website at the following link: www.fortlauderdale.gov/preliminarybudget. State revenues such as the Communications Service Tax and Half Cent Sales Tax have not been updated for FY 2023 estimates. These revenue estimates will be updated in the proposed budget once the State releases their estimates.

I am proud of the inclusive and comprehensive budget process. I have personally met with each department over the past few months to discuss their challenges and budget requests for the upcoming year. It is important to carefully review each department's funding requests and weigh them against the City's other competing priorities. In addition, departments have presented their budget requests to the Budget Advisory Board for additional guidance and input. The Budget Advisory Board will share their initial thoughts regarding the FY 2023 Preliminary Budget with you at a Joint Workshop scheduled for June 21, 2022.

As part of the City's commitment to openness and transparency, the Commission participated in a public goal setting workshop to develop 2022 Commission Priorities that articulates the organizations highest priorities and strategic initiatives for the upcoming year. Items funded in the FY 2023 budget furthers the Commission Priorities, which are summarized in **Attachment 13**. This document elaborates how funding in the FY 2023 Preliminary Budget and Community Investment Plan will advance the City Commission's priorities.

While the budgetary information is still preliminary, it conveys the detailed departmental budget requests and the strategy that I recommend for achieving a structurally balanced budget for FY 2023. The budget invests in the City's priorities and lays the foundation for a financially sustainable future.

The FY 2023 Proposed Budget and FY 2023 - FY 2027 Community Investment Plan are scheduled to be presented at the City Commission Regular Meeting on July 5, 2022. I encourage you to review the full scope of comprehensive departmental budget requests, and contact me directly with any questions, comments, or concerns.

Information Technology Services Five Year Infrastructure Upgrade Plan (FY 2023 - FY 2027)

	FY 2023	FY 2024	FY 2025	FY 2026	FY2027
Data Center Infrastructure (Compute, Storage, VMWare, Operating Systems & Licenses)					
The goal of this infrastructure plan is to replace end of life (EOL), end of support (EOS), high security risk or expansion hindering components of the virtualize server and storage platform, with the intent of improving operational efficiencies, improving capabilities and reducing security vulnerabilities.	\$ 100,000	\$ 100,000	\$ 100,000	\$ 100,000	\$ 100,000
Data Center Infrastructure Total	\$ 100,000	\$ 100,000	\$ 100,000	\$ 100,000	\$ 100,000
UPS Replacement					
The goal of this infrastructure plan is to replace the end of life (EOL) data center uninterruptable power supply (UPS) batteries, used to provide temporary power to the City critical IT infrastructure during a power outage. These batteries play a role in the ITS business continuity plan by protecting and ensuring the resiliency of critical IT infrastructure.	-	-	-	\$ 173,000	-
UPS Replacement Total	\$ -	\$ -	\$ -	\$ 173,000	\$ -
Network\Voice Infrastructure					
The goal of this infrastructure plan is to replace end of life (EOL), end of support (EOS), high security risk or expansion hindering components of the City-wide network and collaboration infrastructure, with the intent of improving operational efficiencies, improving capabilities and reducing security vulnerabilities. The City-wide network and collaboration infrastructure consists of switches, routers, wireless controllers, wireless access points, firewalls, video conferencing and digital signage equipment.	\$ 90,000	\$ 90,000	\$ 90,000	\$ 90,000	\$ 90,000
Network\Voice Infrastructure Total	\$ 90,000	\$ 90,000	\$ 90,000	\$ 90,000	\$ 90,000
Cloud Infrastructure					
The goal of this infrastructure plan is to support the initial cost of migrating existing applications to the public cloud infrastructure.	\$ 90,000	\$ 90,000	\$ 90,000	\$ 90,000	\$ 90,000
Cloud Infrastructure Total	\$ 90,000	\$ 90,000	\$ 90,000	\$ 90,000	\$ 90,000

*The FY 2022 - FY 2026 Fire Rescue Equipment Replacement Plan had a projected programming total of \$621,819, with \$520,816 being scheduled for Lucas Device replacements; however, with a pending new agreement for LifePak 15 and Lucas Devices, the projected expense was removed from the replacement plan.

**FY 2022 bunker gear replacements were based on a trend methodology prior being added to this scheduled Ten Year Equipment Replacement Plan.

American Recovery Plan Act Coronavirus Local Fiscal Recovery Fund – Fiscal Year (FY) 2023 Budget Development Recommendations

PROGRAM OVERVIEW

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, a part of the American Rescue Plan Act (ARPA), allocated \$38.1 million to the City of Fort Lauderdale to support the response to, and recovery from, the COVID-19 public health emergency. The funding is provided in two (2) tranches – the first half in May 2021 and access to the balance beginning in May 2022.

SLFRF provides a framework of allowable projects including responding to the public health emergency and its economic impacts, providing premium pay to eligible essential workers, public sector revenue loss replacement, and investment in water, sewer, and broadband infrastructure.

During FY 2022 budget development, the City utilized the revenue replacement calculation to allocate \$16.2 million to the provision of public safety. This allowed additional resources to support an enhanced transfer to capital improvement projects and to support a number of one-time expenses. During the year, \$475,000 was appropriated for the rehabilitation of a workforce development facility.

In conjunction with the development of the FY 2023 Preliminary Budget, staff recommends that the City Commission again target the revenue replacement to enable the City to continue to make valuable investments in our community.

 Year Two Revenue
 Replacement*

** The Year Two Revenue Replacement calculation includes additional funding for year one based on the updated Final Rule revenue replacement methodology.*

FY 2023 REVENUE REPLACEMENT RECOMMENDATION

Staff recommends that SLFRF funds are primarily used toward the revenue replacement programmatic focus. This option will allow the greatest flexibility to use the resulting revenue to meet the City’s highest priority needs.

SLFRF outlines a formula to calculate the lost revenues attributable to the pandemic across all general revenue streams. Based on this calculation, the City’s eligible revenue loss is an additional \$20.0 million. Once lost revenues have been identified, ARPA allows local governments to use the revenue replacement funds to provide a broad range of government services, which include the following: the building of cash funded infrastructure, environmental remediation, and the provision of police, fire, and other public safety services. Staff recommends that the revenue replacement funds are used for public safety payroll expenses. This will leave a \$1.5 million balance available for future uses.

SUPPORTED ONE-TIME COSTS

By offsetting public safety payroll expenses, the City will have adequate funds to invest in one-time costs outlined below, this allows the City to continue to have a structurally balanced budget because it results in the utilization of non-recurring revenues on one-time expenses

Operating Expense	\$3,300,856
Enhanced Public Safety Staffing Vehicles and Equipment	1,064,155
Sistrunk Boulevard Railroad Crossing Project	1,000,000
New Emergency Medical Services (EMS) Equipment	546,701
Citywide Pavement Condition Assessment for Roads, Sidewalks, and Alleyways	510,000
Sidewalk Master Plan Gap Assessment	180,000

SUPPORTED ONE-TIME COSTS (CONTINUED)

Community Investment Plan Projects	\$ 16,742,784
New Fire Station 13	\$ 4,075,604
Fire Station 88 (Formerly SE Emergency Medical Substation)	3,129,153
Galt Mile Streetscape	2,500,000
Bridge Restoration	2,135,733
Las Olas Mobility	2,000,000
SE 13 th Street Bridge	705,185
West Lake Drive Bridge Restoration	602,215
Streetlight Improvements	500,000
Riverwalk Seawall Partial Restoration Northside	356,394
Lifeguard Tower Replacements	256,800
Sunrise Lane District Streetscapes	220,800
Bayview Drive Bridge Over Longboat Inlet	160,900
Galt Link Americans with Disabilities Act (ADA) Compliant Bus Stops	100,000
Total Operating and Community Investment Plan Projects	\$20,043,640

FY 2023 Nonprofit Organization Grant Funding

As a part of the annual budget process, the City provides nonprofit organizations with funding to support key community services that align with the City’s Strategic Plan, annual Commission Priorities, and operational needs. This grant funding allows the Commission to allocate resources to key initiatives without the lead time that would be required if the City were to provide the services internally and provides flexibility to address different priorities each year without a long-term financial commitment. Nonprofit organizations that receive grant funding are required to execute a Participation Agreement which stipulates the funding amount, public purpose, scope of service, financial reporting, and term and time of performance.

The “FY 2023 Recommended Funding for Nonprofit Organizations” summary table details the organizations recommended for funding in the FY 2023 Budget, the recommended funding amount, and the purpose of the City’s contribution.

Nonprofit Organization Grant Funding

FY 2023 Recommended Funding for Nonprofit Organizations		
Organization	Recommended Funding	Purpose of the City’s Contribution
Areawide Council on Aging of Broward County, Inc.	\$127,842	Support meal and transportation services and resources to City of Fort Lauderdale seniors and adults with disabilities.
Broward Performing Arts Foundation, Inc.	\$25,000	Enhance arts and culture in Fort Lauderdale by providing quality entertainment and educational opportunities to engage and inspire audiences, nurture collaboration, and drive economic vitality.
First Call for Help of Broward, Inc. dba 211-Broward	\$25,000	Provide supportive listening, crisis intervention, and information and referrals that help residents to access social program services.
Junior Achievement of South Florida, Inc.	\$33,900	Provide 5th and 8th grade public school students in Fort Lauderdale with financial and entrepreneurial learning, served annually through JA BizTown and JA Finance Park.
Museum of Discovery and Science, Inc.	\$214,800	Provide 2nd and 4th grade public elementary school students in Fort Lauderdale with Museum and school instruction to improve long-term academic success in the critical STEM (science, technology, engineering, math) disciplines.
Nova Southeastern University, Inc. for NSU Art Museum	\$500,000	Provide innovative art exhibitions and cultural, educational and enrichment programs to stimulate tourism in Fort Lauderdale as well as provide complimentary admission for City residents.
The Stranahan House, Inc.	\$100,000	Educate residents and visitors of Fort Lauderdale on of the region’s history, thus furthering social, cultural, and historic viability.
The Salvation Army	\$200,000	Provide overnight sheltering for individuals experiencing homelessness in Fort Lauderdale.

FY 2023 Nonprofit Organization Grant Funding, continued

FY 2023 Recommended Funding for Nonprofit Organizations		
Organization	Recommended Funding	Purpose of the City's Contribution
Fort Lauderdale Historical Society, Inc.	\$85,000	Contribute toward the educational, cultural, and historical life of Fort Lauderdale to serve as a historic tourist destination within the Riverwalk Arts and Entertainment District.
Riverwalk Fort Lauderdale - <i>Go Riverwalk Magazine</i>	\$50,400	Provide space in the monthly <i>Go Riverwalk</i> magazine to communicate City information.
Riverwalk Fort Lauderdale - Riverwalk Activation	\$225,000	Provide for the programming, beautification, and revitalization of Riverwalk Park and special events such as the annual Light Up Lauderdale and the Day of the Dead celebration.
Summer Youth Employment Program	\$301,543	Provide Fort Lauderdale's youth with summer-long employment with the City including lessons about how to obtain and maintain a job and how to turn any job into an investment of time and effort for the future.
Winterfest, Inc.	\$75,000	Sponsor the Annual Boat Parade and build a festival and full complement of events around the Greater Fort Lauderdale area.
Total Nonprofit Funding	\$1,963,485	

How the FY 2023 Preliminary Budget Implements the City Commission Priorities

As part of the City’s commitment to an open and transparent government, the City Commission participated in a prioritization workshop in January 2022 to identify priorities for the upcoming year. Through facilitated sessions, the 11th year of City Commission Priorities was developed. This plan articulates our organization’s highest priorities and goals for the year. The table below demonstrates how funding in the FY 2023 Preliminary Budget will advance the City Commission’s priorities.

TOP PRIORITIES	FUNDED ITEMS (★ Newly funded initiatives)
Homelessness and Housing Opportunities	The Neighbor Support Division budget includes approximately \$131,741 for the continuation of the Community Court Program.
	The Homeless Intervention Administrator position continues to be funded by the City Manager’s Office in the amount of approximately \$100,600.
	Entitlement grant funding will continue to support homelessness and housing opportunity initiatives and is managed by the Housing and Community Development Division: <ul style="list-style-type: none"> ○ HOME Investment Partnerships funding will provide \$125,000 to be used in part to support affordable housing initiatives. ○ Community Development Block Grant (CDBG) funding will provide approximately \$328,400 to support local organizations' homelessness assistance and prevention programs. ○ Housing Opportunities for Persons with AIDS (HOPWA) funding will provide \$6.8 million to assist with facility-based housing, various rent programs, mortgage assistance, and utilities. ○ HOME Investment Partnerships - American Rescue Plan funding will provide \$2.1 million to be used in part to assist those experiencing homelessness and to prevent homelessness. ○ State Housing Initiative Partnership funding will provide \$1.6 million to be used in part to assist to those experiencing homelessness and to prevent homelessness.
	The Police Department continues its efforts toward homeless support in the amount of approximately \$414,400 through the General Fund for the Homeless Outreach Unit and Reunification Travel Voucher Program.
	★ The Neighbor Support Division budget includes \$45,000 for a Bridge Assistance Program to provide short-term temporary hotel accommodation for individuals transitioning from unsheltered into transitional, or permanent housing opportunities.
	★ Nonprofit organization funding will support The Salvation Army in the amount of \$200,000 for overnight sheltering of homeless individuals in Fort Lauderdale.
Infrastructure and Resilience	The Water/Sewer Revenue Bond was issued in FY 2018 in the amount of \$200 million to fund priority projects. Many of these projects have a multi-year implementation cycle and are ongoing. The Community Investment Plan (CIP) includes over \$60.0 million in unspent project balances.
	The CIP Water/Sewer Master Plan includes \$18.1 million in new cash funded capital projects in addition to the re-appropriation of over \$60.0 million in unspent project balances. The Central Region Wastewater budget includes \$15.1 million in new cash funded capital projects prioritized based upon a renewal and replacement study in addition to the re-appropriation of over \$50.0 million in unspent project balances.
	The Public Works Department Water & Sewer Fund budget includes \$250,000 for the proactive testing, repairs, and replacement of valves in the system in addition to approximately \$277,500 for the continued operations of the Valve Maintenance Team.
	★ The Public Works Department budget includes approximately \$81,100 for a cooperative study with Broward County for a Variable Density Model.
	The CIP includes \$3.5 million for the repair and replacement of roadways and sidewalks.

TOP PRIORITIES	FUNDED ITEMS (★ Newly funded initiatives)
Infrastructure and Resilience, continued	★ The Roadway Maintenance Program will receive approximately \$500,477 in additional funding for five (5) new positions to maintain the City's roadways.
	★ The Public Works Department budget includes \$510,000 for a pavement condition assessment of roads, sidewalks, and alleyways.
	★ The Public Works Department budget includes \$180,000 for a sidewalk master plan gap assessment.
	The CIP includes \$3.6 million for the repair and replacement of bridges.
	The CIP includes \$3.6 million in funding for the restoration and replacement of seawalls.
	The CIP includes \$3.8 million in cash funded Stormwater Fund capital projects.
	The CIP includes \$2.0 million for the Broward County Beach Nourishment initiative.
	The Public Works Department Stormwater Operations budget includes \$1.3 million to support asset inventory improvements and implementation of a Watershed Asset Management Plan.
	★ A Stormwater Bond in the amount of \$200 million is planned to support improvements in seven (7) neighborhoods identified as high priority areas. Of this, \$70 million has already been appropriated from a line of credit to begin work prior to the issuance of permanent debt.
Public Places	The first \$80 million of the voter approved \$200 million in General Obligation Bonds for improvements to the City's Parks and Recreation System have been issued and projects are underway in parks throughout the City. An additional \$60 million will be issued in FY 2023.
	★ The Parks and Recreation Department budget includes approximately \$188,400 for one (1) new maintenance position and additional operational expenses for the newly renovated Fort Lauderdale Aquatic Center.
	The CIP includes re-appropriation of over \$6.0 million in unspent funds for the Aquatic Center and Swimming Hall of Fame Renovation Project, including the replacement of the South Building.
	The CIP includes \$600,000 in funding for renovation of The Parker.
	The CIP includes \$2.0 million for the repair and maintenance of City-owned facilities.
	★ The CIP includes \$220,000 for streetscape improvements.
	★ The CIP includes \$2.5 million in General Fund support for the Galt Ocean Mile beautification project.
	★ The Parks and Recreation Department budget includes \$1.4 million for expanding and enhancing median maintenance.
	The Parks and Recreation Department budget includes approximately \$96,800 for security services for shared use playgrounds based upon an agreement with the Broward County School Board.
Nonprofit organization funding will support the Riverwalk Fort Lauderdale in the amount of \$225,000 for activation of Riverwalk Park and \$105,000 is included in the Parks and Recreation Department's budget for beach open space activation.	
Transportation and Traffic	Municipal Transportation Surtax Grants will continue in the amount of \$7.3 million in Cycle 1 to support multimodal transportation rehabilitation, maintenance, and capital projects including the West Lake Drive Bridge Restoration, South Ocean Drive Bridge Restoration, and the NW 15th Mobility Project.
	The CIP includes approximately \$76,000 for traffic flow improvements.
	The CIP includes \$4.8 million for the LauderTrail, a multi-use trail system.
	The CIP includes \$100,000 for improvements required to resume the Galt Link Community Shuttle service.
	The CIP includes \$3.7 million in anticipated Transportation Surtax funding to support a feasibility review and implementation of one-way paired streets downtown to improve traffic flow and to provide more space for transit and multimodal accommodations.

TOP PRIORITIES	FUNDED ITEMS (★ Newly funded initiatives)
Transportation and Traffic, continued	The Transportation and Mobility Department General Fund budget includes \$40,000 to continue the Speed Radar Program to collect traffic data for potential synchronization improvements.
	Transportation and Mobility Department General Fund budget includes approximately \$56,300 for Bluetooth sensors that collect traffic data for analysis.
	★ The Transportation and Mobility Department budget includes \$53,500 for service enhancements to the LauderGO! Community Shuttle System.
	★ The Transportation and Mobility Department budget includes \$100,000 for consulting services to identify funding opportunities for the implementation of the Las Olas Mobility Vision Plan and a \$2.1 million CIP project for intersection paving and key improvements
PRIORITIES	FUNDED ITEMS (★ Newly funded initiatives)
Community Response and Safety	The CIP includes reappropriation of \$100.0 million in voter approved bonds for the Police Headquarters Replacement Project.
	The Police Department budget includes \$1.8 million for the replacement of equipment, such as bulletproof vests and license plate readers, and police animals.
	The Police Department budget includes \$2.9 million in enhanced funding to add seventeen (17) Police Officers to the Patrol Unit, which includes the re-establishment of the City's Neighborhood Action Teams.
	The Police Department budget includes approximately \$326,200 for the staffing of the Real Time Crime Center.
	The Police Department budget includes \$195,000 for the continuation of the ShotSpotter Program.
	Grant funding, in the amount of approximately \$466,300, from the Department of Justice for an Illegal Gun Crime Reduction Campaign will allow the City, among other initiatives, to expand its ShotSpotter Program.
	The CIP includes \$3.1 million for the Southeast Emergency Medical (EMS) sub-station (Fire Station 88).
	The CIP includes \$4.1 million for Fire Station 13.
	The Fire Rescue budget includes \$961,000 for the startup equipment costs and three months of staffing for fourteen (14) new positions to staff the new Emergency Medical substation.
	The Fire Rescue Department budget includes approximately \$655,300 for the replacement of equipment including bunker gear, PowerPro Stretchers, Powerload Systems, and a WaveRunner.
	★ The Fire Rescue Department budget includes approximately \$357,000 and the addition of two (2) positions to create a Mobile Integrated Health Program.
	★ The Development Services Department budget includes approximately \$528,000 for four (4) new employees to enhance after-hours code enforcement.
Economic Diversification	The Government Affairs and Economic Development Division is funded in the amount of approximately \$1.6 million, including \$370,000 which is specifically allocated for State and Federal Lobbying Contracts.
	The Community Redevelopment Agency budgets include approximately \$17 million to fund incentive programs to attract new businesses and encourage economic development.
Historic Preservation	The Development Services Department budget includes approximately \$149,500 for planning and administration of the Historic Preservation Program funded by the General Fund.
	Nonprofit organization funding will continue to support: <ul style="list-style-type: none"> ○ The Stranahan House, Inc. in the amount of \$100,000 to help residents and visitors to learn about the history of the region, thus furthering social, cultural, and historic viability. ○ The Fort Lauderdale Historic Society, Inc. in the amount of \$85,000 which contributes to the City's historical life and serves as a resource within the Riverwalk Arts and Entertainment District.

PRIORITIES	FUNDED ITEMS (★ Newly funded initiatives)
Smart Growth	The Development Services Department budget includes \$48,000 for 3D development mapping.
Waterway Quality	To prevent the degradation of the City's water quality, approximately \$50,000 in funding is included to maintain free public pump out facilities.
	The Public Works Department Water & Sewer Fund budget includes \$100,000 in funding for the Waterway Quality Monitoring Program.
	The Public Works Department budget includes approximately \$395,900 for the Canal Cleaning Program.
Workforce Training and Education	<p>Nonprofit organization funding will continue to support:</p> <ul style="list-style-type: none"> ○ The Summer Youth Employment Program in the amount of approximately \$301,500 for workforce training in the City, focused on teaching youth in the City about obtaining and maintaining employment. ○ Junior Achievement of South Florida, Inc. in the amount of \$33,900 to provide financial and entrepreneurial learning for 5th and 8th grade public school students in the City. ○ The Museum of Discovery and Science, Inc. in the amount of \$214,800 to provide 2nd and 4th grade public school students with instruction (both in school and at the Museum) to improve success in STEM (science, technology, engineering, and math) disciplines.
	The CIP includes \$500,000 in continued funding for a career center facility rehabilitation on 19th Street. The center is expected to revitalize the affected labor force with career development and training workshops to provide neighbors with a competitive advantage in their search for employment.
