

SOUTH BEACH PARK PARKING LOT IMPROVEMENTS

60% DESIGN
KIMLEY HORN

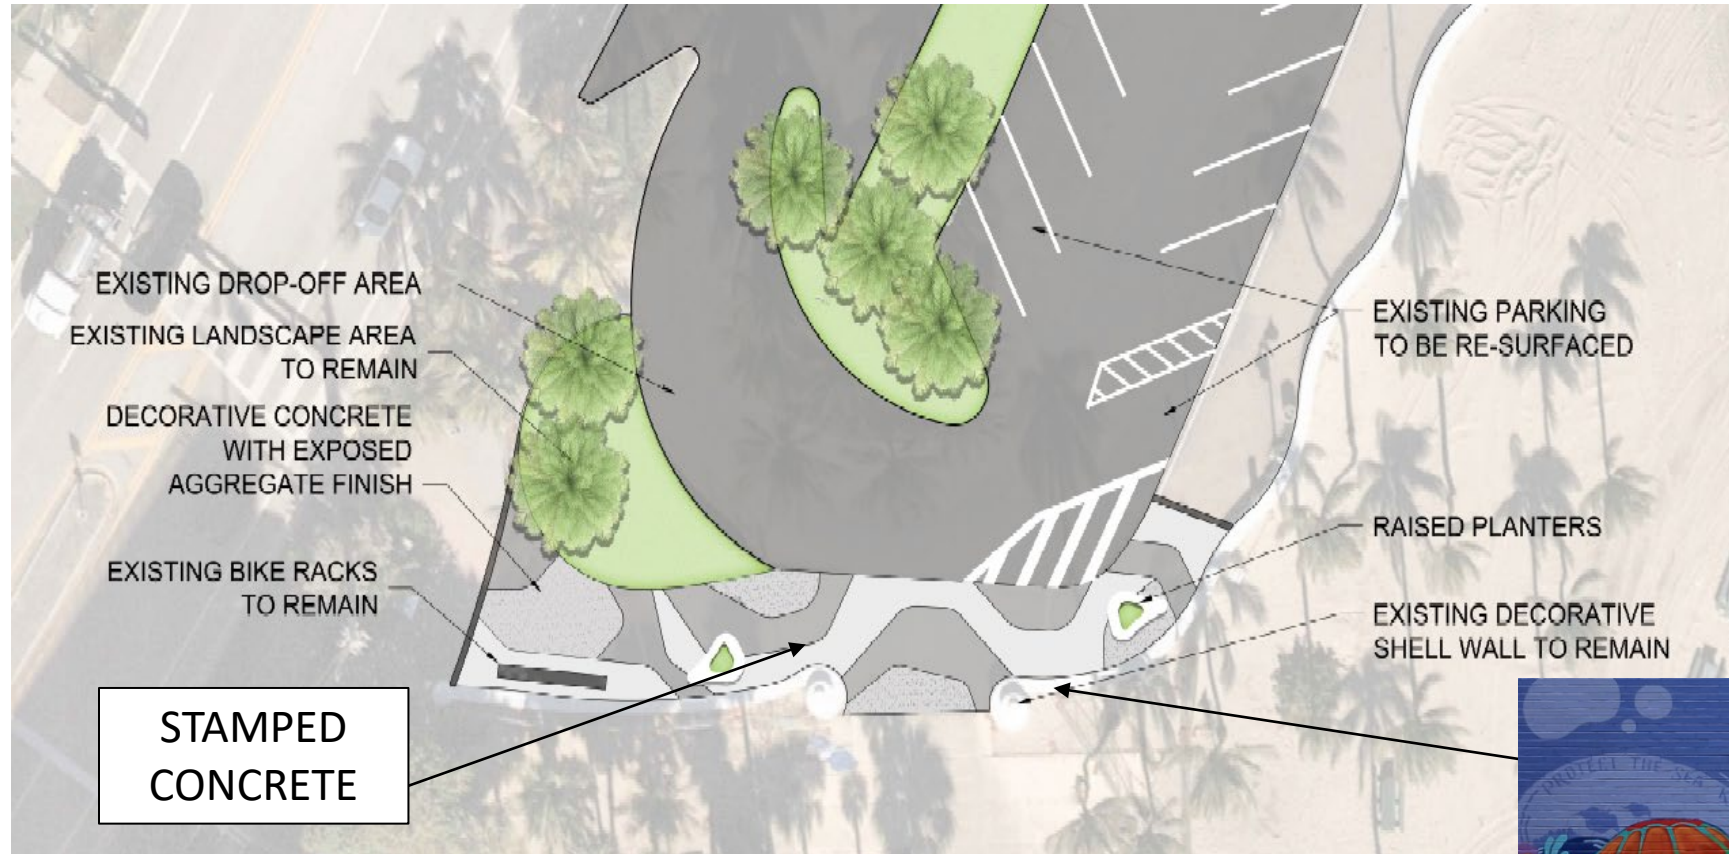

SOUTH SIDE IMPROVEMENTS

- Increase area for staging by removing part of the existing planter.
- Allow easier entrance of trucks when reversing to use the south entrance to the beach.
- Additional electrical connections for power being coordinated with FP&L. More coordination with FPL will be needed to know if south electrical connections are possible.
- Fiber connections, conversations with Comcast and Verizon.
- Asphalt restoration after construction and landscaping improvements.
