

**SYNOPSIS OF SIGNIFICANT MOTIONS
MARINE ADVISORY BOARD MEETING
THURSDAY, APRIL 6, 2023
CITY HALL – 6:00 PM
CONFERENCE ROOM – EIGHTH FLOOR
100 NORTH ANDREWS AVENUE**

The following is a synopsis of the significant motions made at the Marine Advisory Board meeting of April 6, 2023 (minutes attached) that were specifically adopted as recommendations to the City Commission:

Communications to City Commission

Motion made by Mr. Flanigan, seconded by Mr. Franks, to make the following communication to the Commission:

In light of several past, current, and potential waiver requests for mooring piles extending beyond Code distance to allow for perpendicular docking of vessels into the New River, which have the potential to impede navigational safety of larger vessels transiting the New River, the Marine Advisory Board requests that the Commission issue a suspension of issuing waivers for extensions of moorings beyond Code on the New River Corridor until the Commission can add the issue to their Conference Agenda and/or hold a public workshop.

The goal is to discuss the issue and find a balance that thoughtfully allows property owners to maximize the use of their property while taking into consideration the specific and varied conditions on the New River and facilitating the safe navigation to the commercial vessels further west on the river.

In a voice vote, the **motion** passed unanimously.
