NE 25TH AVENUE SEWER FORCE MAIN REPLACEMENT PROJECT

The City of Fort Lauderdale is working with David Mancini & Sons, Inc. to replace 10,000 feet of sewer force main along NE 25th Avenue from Commercial Boulevard to the Coral Ridge Country Club in the Coral Ridge Country Club Estates neighborhood. This project includes:

- Installing new sewer force mains measuring 24-48 inches in diameter made from high-density polyethylene to replace the existing cast iron force mains
- Connecting the new sewer force mains to nearby existing lines, including those along NE 49th Street and NE 48th Lane
- Resurfacing the roadway as needed

Crews are installing the new sewer force mains utilizing a combination of open-cut and trenchless technology to expedite completion and minimize impacts to the community. Overall completion is expected in spring 2025.
